## Join Us for a Guided Walk this Spring!

The spring weather should be perfect for a walk along the edge of the Southeast Greenway. You may be surprised that this land hosts three creeks, many oak and walnut trees, and wide swaths of open space that provide great views of Taylor and Bennett Mountains. Learn more about the property's potential uses based on the City's [preferred alternative plan](#).

Saturday, April 28th, 9:00 - 11:00 am  
Wednesday, May 2nd, 5:15 - 7:15 pm

Meet walk leaders in the parking lot near the tennis courts at Montgomery High School. This walk is about 2.5 miles round trip on city streets and sidewalks, with stops to view important features. Terrain is mostly flat but includes one fairly steep hill. Remember to bring hats, water, snacks, sunglasses, a light jacket and anything you might enjoy on an urban walk.

Please register by emailing us at [info@SoutheastGreenway.org](mailto:info@SoutheastGreenway.org) or calling us at (707) 703-1922. Please include your name, email address and the best phone number to reach you at. Heavy rain cancels.

## Regional Measure 3 Addresses Transportation Improvements

To help solve the Bay Area's growing congestion problems, the Metropolitan Transportation Commission (MTC) worked with the state legislature to authorize a new ballot measure that would finance a comprehensive suite of highway and transit improvements through an increase in tolls on the region's seven state-owned toll bridges. Voters in each of the nine Bay Area

counties will consider Regional Measure 3 in June 2018. Sonoma County projects include upgrades to improve State Route 37 in Marin, Sonoma, Napa and Solano counties and extending the new SMART rail system to Windsor and Healdsburg. The bill also includes a \$150 million grant program to improve bicycle and pedestrian access to regional transit hubs and to close gaps in the San Francisco Bay Trail.
